

The Smart Cookie

2017 Cookie Program

Troop Edition
Volume 8
February 2, 2017

In this edition:

- Cookie deliveries start Saturday
- Cookie Go Day
- Cookie cupboards
- River Valleys' Shop exclusive

Cookie Deliveries Start Saturday

Cookie deliveries are finally here and start on Saturday! Please review the email you received on Wednesday to confirm your pickup location, date, and time. Troops are responsible for cookies they pick up, so please be sure the cookies loaded into your car are correct. If you discover a shortage, overage, or damaged product, you must email girlscouts@girlscoutsrv.org within 24 hours of your cookie pickup.

Maximum Cases in a Vehicle	
The following estimates are based on two adults in the vehicle:	
Compact auto	25
Standard auto	40
SUV	50
Station wagon	65
Full size pickup*	90
Minivan (no seats)	115
Standard van (no seats)	190

*Do not use during inclement weather, unless bed is covered.

Note: For accurate counts, River Valleys highly recommends two adults per vehicle—one to drive the car and one to count cases as they are being loaded.

The cases per vehicle to the left are based on an empty vehicle with seats (unless noted). Make sure you leave the furry pets and hockey gear at home. Your troop will need to pick up the entire order at once, so large orders may require two vehicles.

Deliveries will occur as scheduled in the rain, snow, or (hopefully) sun. If weather impacts deliveries, we will email the troops affected.

We recommend bringing either a printout of the delivery email you received yesterday or a printout from Snap. To print directly from Snap, please go to the Reports tab, select Delivery Station Appointment Summary, click Go To Report, and then on the next screen click View Report. This will open your delivery confirmation in a new tab of your browser, which you can then print off or save to your computer.

Cookie Go Day

Excitement is in the air as cookies start to arrive this week and just 9 days to go until the sale starts! As a best practice, River Valleys recommends not distributing cookies or girl order cards to girls/families until as close to Go Day as possible. This helps remove the temptation from girls to get a head start. When communicating with our families about cookie pickup, this is also a great time to remind them that girls cannot take orders or sell cookies prior to Saturday, February 11 (Go Day).

To help troops with high goals, we will increase the maximum number of cookie booths available per troop each Monday at 7 pm. [Please see the full schedule.](#)

Cookie Cupboards

Our council cookie cupboards are fully-stocked (including the gluten free Trios) and ready to go! Cupboards are where you can go throughout the sale

to pickup additional cookies as needed. Fun fact: Our cupboards have more than 4 semi trucks worth of just the Girl Scout S'mores cookies!

Your troop has been assigned a non-metro service unit cookie cupboard (this is a cupboard near you that's run by a local volunteer). [Learn more about this type of cupboard](#). You will be receiving the cupboard hours, location, and your cupboard manager's info in the next week in an email coming from Snap. You have the option to use either your local non-metro service unit cookie cupboard or a council cookie cupboard.

Council Cupboard Locations + Hours

River Valleys' Shop Exclusive

Let your customers know that "Girl Scout Cookies are Here!" We have two fun yard signs that are sure to draw attention to your cookie booth. **Visit your local shop and mention this ad to save 20% off yard signs.**

Offer valid through February 8.
